ISSUED:   21 May 2018
In accordance with the Lusaka Securities Exchange ("LuSE") Listings Requirements, the Board of Directors of Zambia Sugar PLC (the "Company") hereby advises the Shareholders of the Company that the Earnings per Share (EPS) for the half year ended 28 February 2018 is expected to be 79.7% lower than that for the half year ended 28 February 2017.

The decline in earnings is predominantly due to reduced revenue in the period. Sugar trading was severely impacted by the surplus world sugar supply. The increased supply has seen significant volumes of world market sugar finding its way into the company's primary regional markets, affecting demand and putting pressure on margins. The domestic market has not been spared with noted increased availability of smuggled sugar imports also affecting domestic demand.

Shareholders are advised that the information contained in this Trading Statement has not been reviewed nor reported on by the external auditors of the Company.

The Company expects its results for the year half ended 28 February 2018 to be released on SENS and published in the local press on or about 28 May 2018. Accordingly, shareholders are advised to exercise caution when dealing in the Company's Securities until publication of the results.
